

## NEW ZEALAND ARCHITECTURE AWARDS 2010

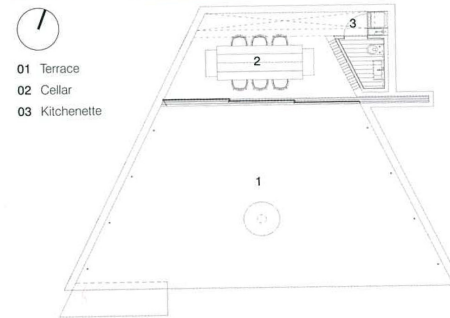

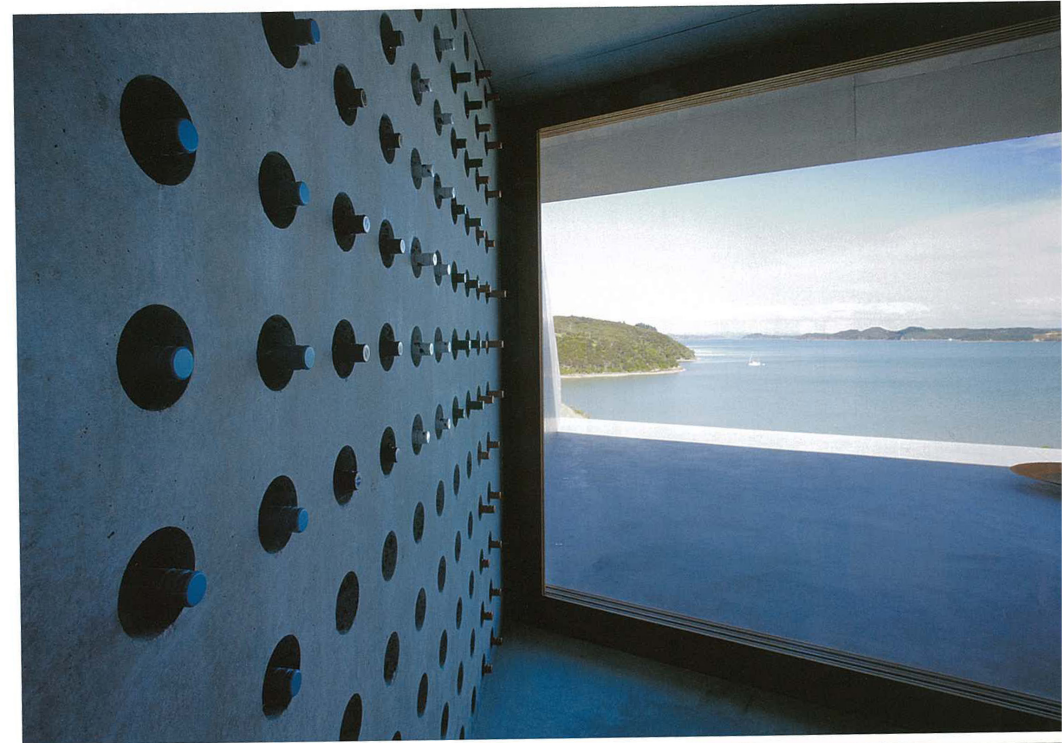

### WIROA STATION WINE CELLAR, BAY OF ISLANDS MODERN ARCHITECTURE PARTNERS

Photographs: Brian Cully

#### SMALL PROJECT ARCHITECTURE AWARD

This minimalist cave is embedded in a hill, a point of subterranean retreat creating a framed picture of the view. It combines wine storage with an entertainment function. A carefully placed skylight shaft placed at the rear of the space modulates the light; the raw, limited material palette exudes elegance and restraint. It is a clear, simple idea, executed beautifully.
